

Green Events are planned, organized and realized according to criteria of sustainability.

The essential factors are efficiency of resources, waste management, regional added value and social responsibility.

In order to obtain the GreenEvent certification, we implemented a number of measures.

### **The most important issues for the Gsieser-Tal-Lauf**

- Use of digital media
- Use of eco-friendly paper for printed material
- Avoidance of plastic – waste separation
- Use of regionally-sourced products
- Organic, climate-neutral packaging
- For participants is forbidden the disposal of any rubbish outside the marked refreshment zones

**Help us make this event  
as eco-friendly as possible!**
